Thanks Candice. I will send a Skype invitation to all the EPA folks and they each can choose what format will work best for them. Jim

We are committed to service excellence.

Jim- Sorry for the delay in responding...

If you want to do a skype sharing of screens/documents, that works for us. However, we are planning to have folks off-site calling in so lets also use a call-in number for audio in case the screen sharing does not work for everyone. If you want to coordinate with Brian or I further, please let us know.

Candice

All – Attached is a suggested agenda for our call on Thursday, Aug. 24. Also, WDNR proposes a Skype meeting or a similar online meeting platform so we can look at documents together. WDNR can set up a Skype meeting but we are open to suggestions. Jim

We are committed to service excellence.

Greetings,

A stormwater conference call on Thursday Aug. 24 from 10:30 am to noon works well with the schedules of the concerned EPA staff. To facilitate the call, EPA has reserved a conference line (details below). If people who should be included in the conference call are not included in this email, please forward them the information. We look forward to a productive conversation next Thursday.

Thank you,

Mark

Conference Line:

Phone #: 866-299-3188

Conference Code #: Ex. 6 - Personal Privacy

Subject: Conference call to discuss storm water issues

Kevin – WDNR would like to set up a conference call with EPA R5 the week of Aug. 21 to discuss a proposed path forward to resolving the remaining storm water issues in the EPA 2011 75-issues letter. WDNR participants anticipated are cc'd on this email. We are currently holding Monday Aug. 21 from 3:00 to 4:30 or Thursday Aug. 24 from 10:30 to noon for the call. Please let us know which date will work on your end and invite EPA staff to participate as you see appropriate. Since I will be on vacation next week, please reply all so that the others at WDNR are in the loop on what's decided. Thank you. Jim
